CONWAY AND PM&P MARKETING CONSULTING SIGN PARTNERSHIP AGREEMENT

Conway Adds Strategic Partnership to Better Serve Clients

Atlanta, June 2016 – CONWAY Inc. and PM&P Marketing Consulting GmbH announce that the firms have entered in to a formal partnership to better serve their clients' needs and broaden their global reach. Atlanta-based CONWAY will collaborate directly with Frankfurt-based PM&P on strategic projects and new marketing initiatives in the U.S. and Europe.

"Our clients continue to globalize their activities," said Adam Jones-Kelley, the President of CONWAY Inc., "We are making sure that we are partnered with best-in-class firms around the world to ensure our clients receive world-class service no matter where their business takes them."

Foreign direct investment into the United States is expected to increase as the cost of electricity in the U.S. decreases. As a result of the low energy costs, American economic development agencies are increasingly wooing European manufacturers and other high-energy use companies.

Equally, the U.S. is still the top investor in Europe, so European agencies are extremely active in the U.S. market.

"We've seen more U.S. investment promotion agencies conducting business development outreach in Europe and European agencies prospecting in North America," said Michael Hass, Managing Director of PM&P, "PM&P's partnership with CONWAY and CONWAY's Global Network will add valuable resources for our clients in both markets and expand our global capabilities."

The new partnership will add to the growing base of CONWAY's strategic global partnerships, which when coupled with existing partnerships with Tractus Asia, Silverlode Consulting and Frenger International, Conway has created a global network offering best-in-class lead generation and strategic development services in nearly every corner of the world. The partnership with PM&P will add to CONWAY's existing resources in Germany, which includes CONWAY Advisory located in Berlin.
